DAVID LONDON LECTURE

Throughout David's lecture, you will see and learn excerpts from David's various theatrical productions including Magic Outside The Box, The Adventure to the Imagi Nation, and The Creative Spirit Séance. David will move in and out of the performances to teach not only how his effects are accomplished, but also why.

David will also take you behind the scenes to offer insight into his creative process, and discuss construction, character development, and scripting. David will share some of his one-of-a-kind marketing ideas, business models as well as some close-up effects that he uses in more intimate, everyday settings.

Through his background and experiences as a creator, collaborator, performer, author and lecturer, as well as serving as the editor of Beyond The Smoke and Mirrors – A journal devoted to magic and creativity, David has developed a perspective on magic that is entirely his own.

The material he will explore in this lecture has been experienced throughout the United States, and enjoyed by thousands. Don't miss the opportunity to see David London share his ideas, thoughts and magic. It is guaranteed to be unlike anything you have seen before in magic... or anywhere else!

Several members will meet at Cracker Barrel on Crittenden Drive at 5:30 for dinner before the lecture.

My Monthly Musings

Jim Harris, President

“*It’s Magic!*” was a great success this year, bringing in almost \$1000 for the club. This will help insure quality lectures for next year, plus it will enable us to keep our membership fee at \$35-40. A big thanks to everyone directly involved in the show, and to all those that attended.

Fall is almost here, and Halloween is just a few weeks away. Dust off your Halloween props and practice your routines. Someone out there is looking for a Halloween magic show!

Our annual close-up contest is next month - I hope you’ve been practicing! We’re expecting a big turn out this year, so let us know if you would like to compete.

See you in a couple of weeks.

Jim

From the Editor:

A LEVITATED GOOD TIME!

Thanks to everyone who came out and supported us at *It’s Magic!* this year! I saw quite a few members of our club as we were signing autographs. It’s great to see your support. I remember the many years I performed a Christmas show at the Red Barn on the UofL campus. Every time I performed I could look out and see Durbin Oldham, one of our long time members, sitting there to cheer me on. It really means a lot to know you have that support.

This year I performed the classic floating lady illusion in the show using a volunteer from the audience. It was also my birthday so Jim Harris had to “embarrass me” by having the audience sing happy birthday to me. It was truly a great day with starting out on WHAS 11 Great Day Live along with Jim Harris to promote our show and then to perform the show and hang out with fellow performers.

I think one of the best parts is seeing all the kids after the show wanting your autograph and saying how much fun they had. One of my friends from church came and said it was the **BEST TIME** she has had in years!!! So if you missed it, well you missed a **REALLY GREAT TIME**.

The year is almost over but we still have several events: a lecture this month, contest next month and Harry Allen and our holiday banquet in December. I would also like to suggest getting out in our community and performing some magic for the less fortunate in October which is International Magic month. The President of the Society of American Magicians makes a formal decree to promote the art of magic and do charitable shows this month as part of International Magic Month, so let’s get out there and *Share the Magic!*
