CARL LOUD

1949-2026

As many of you know, Carl Loud and his girlfriend passed in a tragic motorcycle accident. We will send out more information when we plan on having a broken wand ceremony. Carl was a cornerstone of our club and his presence will be missed tremendously.

NEW BOOK FROM DAVID GARRARD!

Magic Moments! The Magic of David Garrard, Vol. 2 is hot off the press! 326 pages, hardback with beautiful color pictures, plus a web page with tutorials and performance videos to assist in learning.

At present, the book is only available directly from David on his website at an introductory price of \$95. However, David is offering his book to Louisville Magic Club members at a special price of \$75- the same as for his first book, Out of My Hat (also still available).

David will have books with him at the September 8 meeting. You can also order from David, but you must contact him directly to get the special LMC deal instead of ordering off his website.

NEW BOOK FROM DAVID GARRARD!

What they're saying...

Beautiful work! The puzzle trick is elegantly well thought out. I love the directness of the effect, the efficiency of the method, and the nuances you give the readers.

Teller, Las Vegas, Nevada

I'm proud to have contributed to this remarkable collection. Every page offers ideas that will inspire magicians of every skill level.

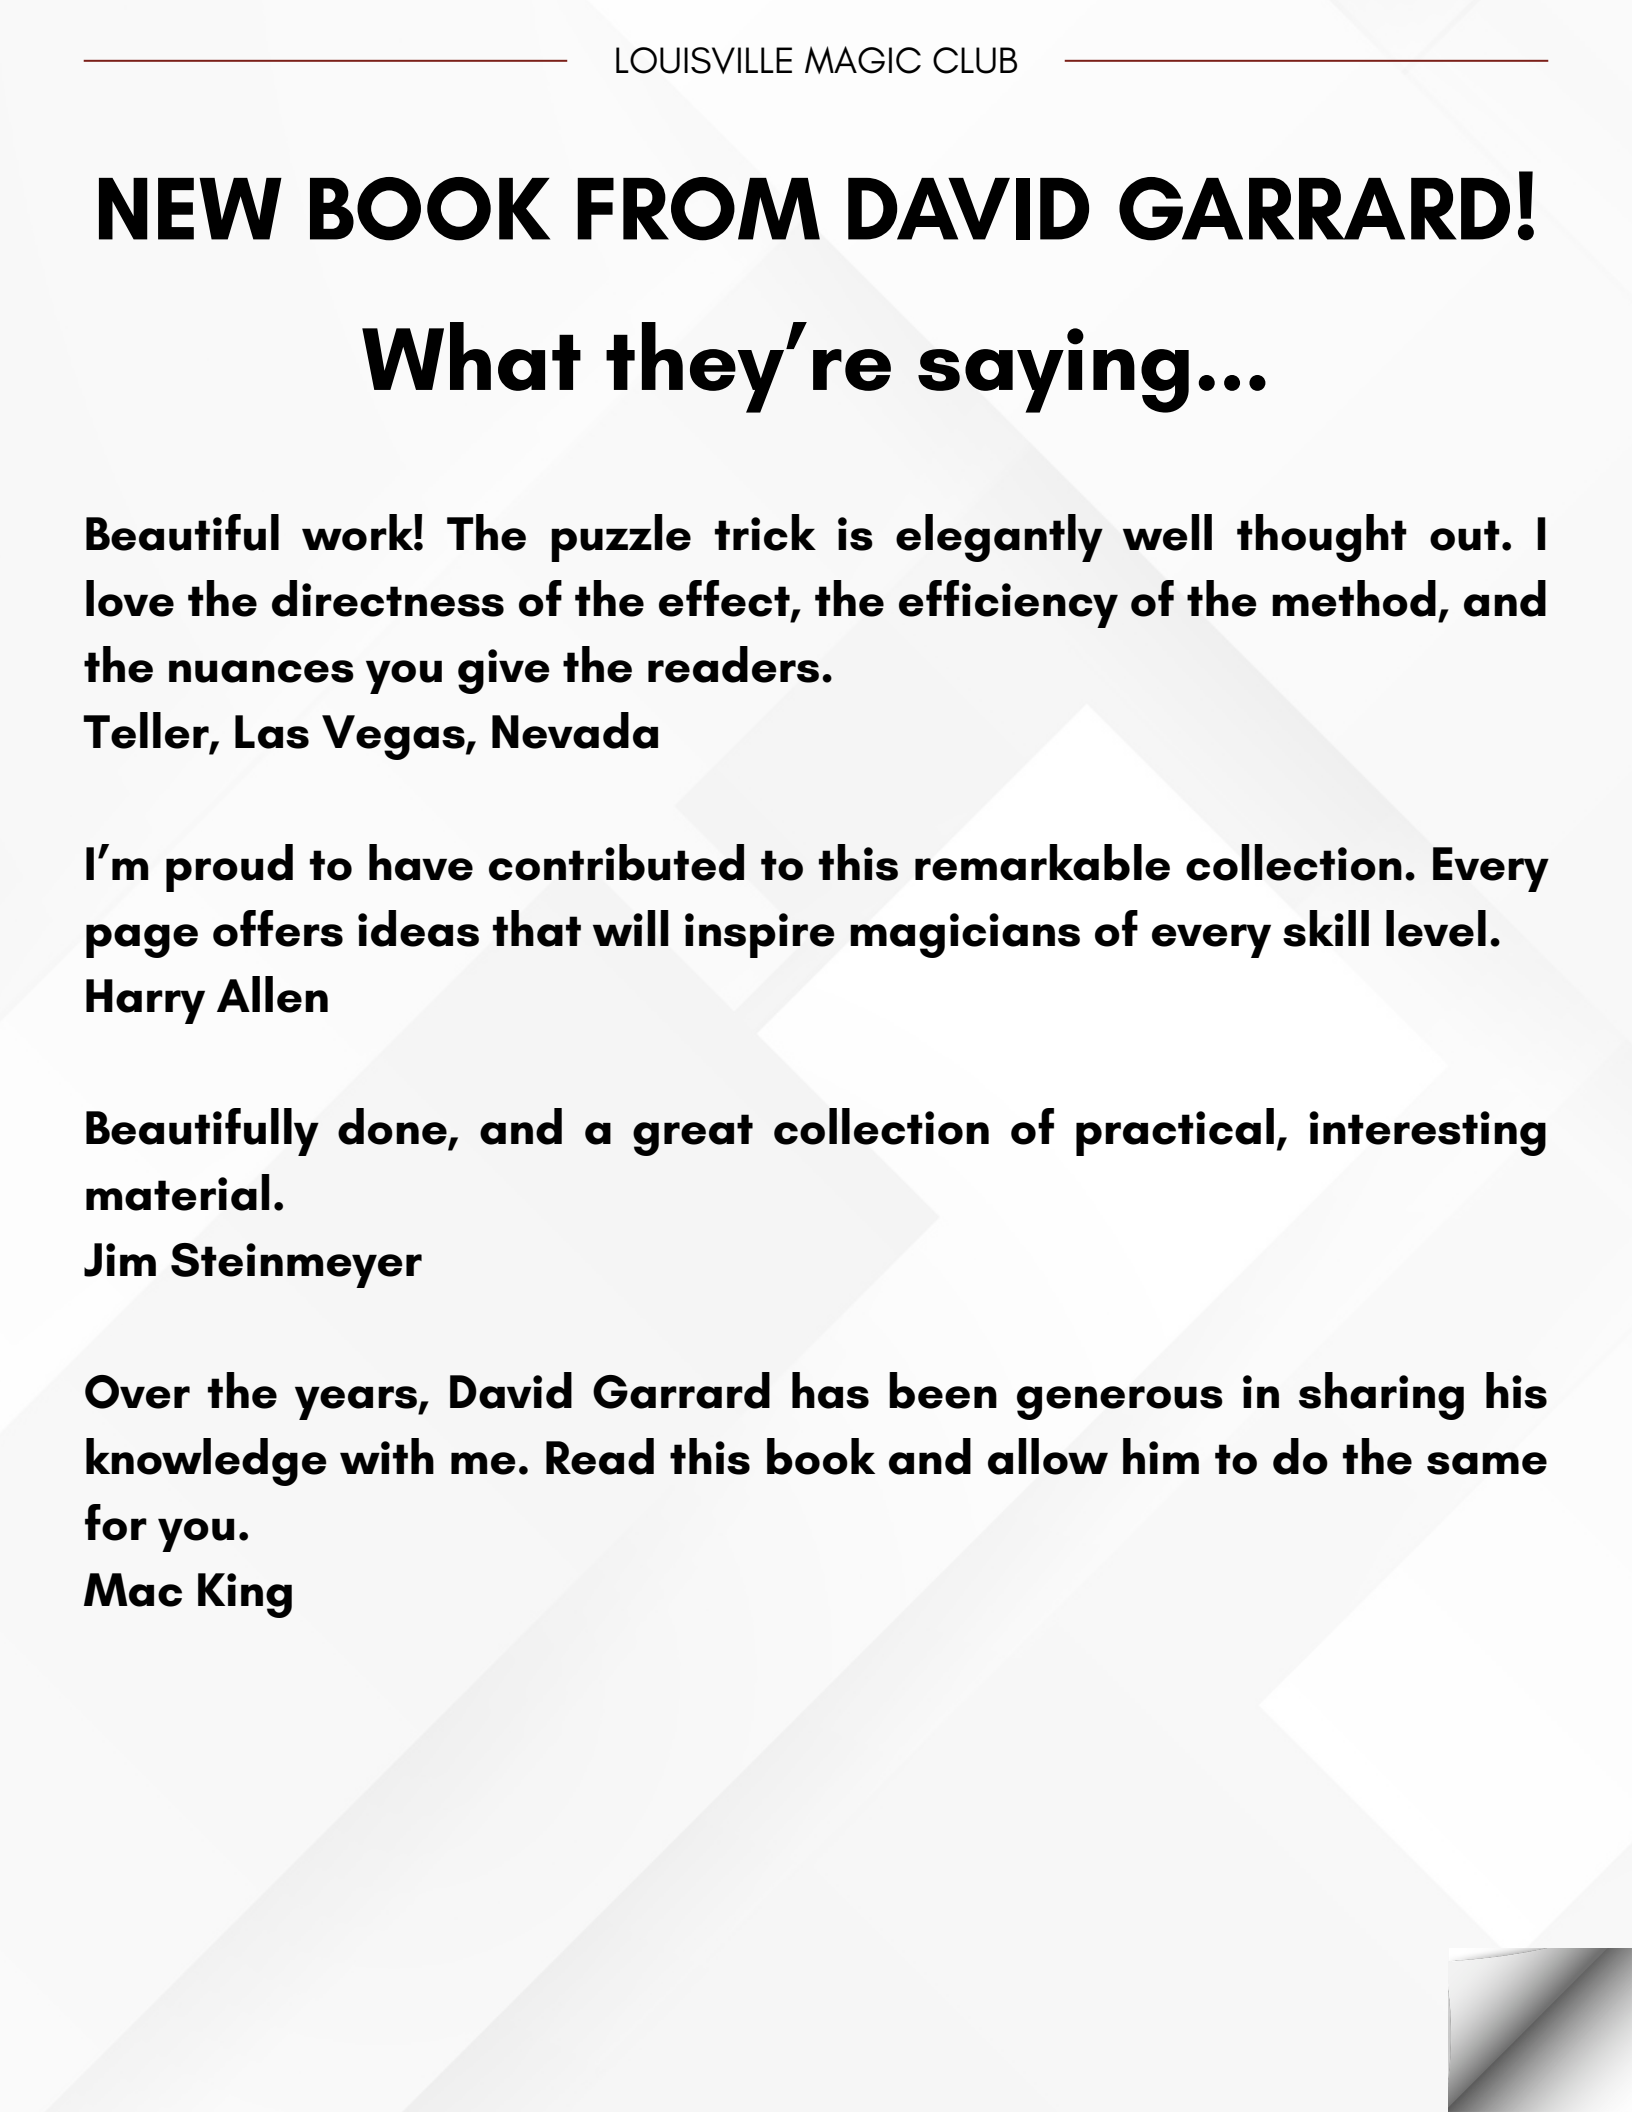

Harry Allen

Beautifully done, and a great collection of practical, interesting material.

Jim Steinmeyer

Over the years, David Garrard has been generous in sharing his knowledge with me. Read this book and allow him to do the same for you.
