MESSAGE FROM THE PRESIDENT

The February President's Magic Jam will be on Thursday, February 16 th . Last month we met and discussed one of our favorite magic books. This month come prepared to share a card trick(s). We will meet at 6pm at the Chili's on Poplar Level Road.

This month we have our lecture by Kayla Drescher on FRIDAY, February 24th . Kayla will be performing at Cody's Cody and Friends all Female show in February the very next night. Joanna will also be performing on this show so let's all go out and support our female magicians.

During COVID we had a ZOOM lecture by Kayla and everyone who attended said it was one of the best lectures we've ever had.

Looking ahead to March we'll have Bradley Morgan come talk to us about 3D printing magic effects and show some of the props he has made, invented and may even have some for sale. Michele and I saw him in Cincinnati and I was amazed at what can be done with a 3D Printer. It definitely shows how thinking outside the box can create some wonderful magic.

Looking ahead we have booked the incredible Jay Sankey for May 24th . **NOTE:** This is a Wednesday night! It will be at the Kosair Charities Centre on Eastern Parkway.

Looking forward to seeing you at the Presidents Magic Jam. Unfortunately I'll miss Kayla's lecture but will be at the Cody and Friends Women of Magic show

Mike

The Cody & Friends Magical Variety Show series has been a much bigger success than I could have imagined. You all had fun at the first two and we'll keep them coming. Our third one is one I've been looking forward to for two reasons:

1. Because I've invited two friends from well beyond the Louisville metro area for the first time
2. This line-up is entirely of women in the art of magic!

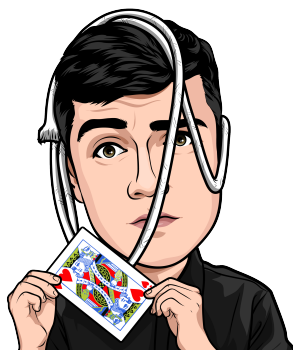

On Sat. Feb. 25th at 7 PM at the Highview Arts Center, Cody & Friends will be hosting the Wonder Women of Magic

FEBRUARY!

I'm gonna make this short as I need to get this newsletter out and about! Sorry I had to miss the January meeting. I've got some family things going on! I will hopefully be there at the next lecture though.

I haven't done a whole lot of practicing, so I'll need to get back to that here this month. Lots going on in life right now! Anyway, I hope your February is awesome and can't wait to see you all next time!

Until then,

-Matt
